

Therapeutic Playschool

A Program of Progressive Pediatrics Therapy

Family Information & Enrollment Guide

Welcome

Our Therapeutic Playschool is a boutique, therapist-designed preschool readiness program for young children who benefit from additional support with social engagement, emotional regulation, sensory processing, motor development, and independence. Our mission is to help every child build the confidence and foundational skills needed to thrive in preschool and beyond.

What Makes Our Program Different

- **Maximum of only 4–5 children per group**
- Led by a licensed Occupational Therapist
- Supported by an experienced educational support staff member
- Individualized support within every session
- OT-designed curriculum emphasizing regulation, social development, motor skills, and preschool readiness
- Ongoing collaboration with families

Program Schedule

We anticipate launching with small groups that meet **two days per week**.

Morning Group (anticipated)

9:30–11:30 a.m.

Potential Afternoon Group

12:30–2:30 p.m.

Days and times will be finalized based on enrollment interest, family scheduling preferences, and creating the best possible peer groupings. As the program grows, additional groups may be added.

Enrollment

Enrollment Fee

A non-refundable enrollment fee reserves your child's place and supports onboarding, program preparation, and materials.

Program Participation Fee

A monthly Program Participation Fee reserves your child's place in our intentionally small group and supports educational programming, curriculum, supplies, parent communication, progress updates, and the experienced educational support staff.

Insurance

Children who qualify for medically necessary occupational therapy services may be eligible to utilize insurance benefits during the program. A formal occupational therapy evaluation, and a physicians order, may be required to determine eligibility. Prior to enrollment, we will verify benefits, discuss anticipated financial responsibility, and explain how eligible therapy services are billed. Families remain responsible for applicable deductibles, copayments, coinsurance, and non-covered amounts.

Attendance

Because enrollment is limited to only 4–5 children, each child's place is reserved exclusively for them. The Program Participation Fee reserves that placement and is not reduced for routine absences.

Next Steps

- Complete our **Interest Form** below. There is no obligation to enroll by completing this form.
- We'll contact you to learn more about your child and answer your questions.
- If the program appears to be a good fit, we'll schedule a consultation and discuss enrollment, scheduling, and insurance options (when applicable), and provide the complete financial information and enrollment packet.
